# Important Information

This is a replacement Information Memorandum (IM) dated 30 September 2022 and replaces in all respects any previous IM's issued by Longyard Capital Pty Ltd ACN 638 798 624 (Company or Fundraiser).

This Replacement IM represents an Offer with respect to an investment in the Company and supersedes any and all previous offer documents or purported offer documents offering investment in the Company.

This includes but is not limited to any flyer or pre-IM marketing material that has been issued to prospective investors.

This replacement IM relates to an Offer to subscribe for an additional \$4,000,000 fully paid Preference Shares in Longyard Capital Pty Ltd at an issue price of \$1.00 per Share.

The previous IM's raised \$5,425,000 Preference Shares in the Company to assist with the acquisition of land and project expenses associated with the Development known as Majestic Lifestyle Resorts, Hillvue Tamworth NSW.

The Publication dated 6 August 2020 has been prepared by Business Introduction Services Pty Ltd ACN 637 411 002 (BIS) trading as Investire. It is generic in nature and does not contain any information in relation to a specific Offer and complies with the Class Order 02/0273 and ASIC Corporations (Repeal and Transitional) Instrument 2017/186 (Class Order).

The IM contains information specific to the Offer including details about the Company, location of the project, details of projected returns and term of the project.

Potential investors are required to read both the Publication and this IM to gain an appreciation of the risks and rewards associated with the Offer.

## Excluded Offer

The offer of Shares in the Company contained in this IM is an offer which does not require disclosure for the purposes of Part 7.9 of the Corporations Act. The Fundraiser is not, nor is it required to be, registered as a managed investment scheme under the Act.

Participation in this Offer is available only to selected retail and wholesale or sophisticated investors as permitted by the Class Order and to parties whose participation in the Offer allows the Company to comply with section 708 of the Corporations Act (Investors).

The accuracy, reliability and completeness of information contained in this IM is not guaranteed and to the extent permitted by law, each of the Fundraiser, the Project Manager and BIS accept no liability for any loss or damage arising from investors relying on any information contained in this IM.

## Updated Information

The information contained in this IM is current as at the date shown on the front page and is subject to change without notice.

## 2.0 Director's Letter

---

30 September 2022

Dear Investor,

The company has issued 5,425,000 Preference Shares to assist with the settlement of Lot 100 and to meet various costs. Funds are on deposit to pay for the settlement of Lot 101 in late October 2022. The initial capital raising has been used to meet costs such as obtaining the development permit, obtaining the construction certificate, various consultant fees, construction of a public cul-de-sac to the entry to the development, running sewer and power across the site, stormwater works, the establishment of a display suite in the main street, substantial marketing collateral and advertising resulting in several EOI's and deposits.

We are now seeking an additional \$4,000,000 to construct Stage 1 civil works, build the manager's residence, display home, temporary community building, preliminaries to Stage 2 construction, and marketing.

The project proposes a luxury over 50's resort on the renowned Greg Norman designed Longyard Golf Course in Tamworth. The luxury retirement resort will bring together an integrated community to accommodate Tamworth's ageing population and provide a centre for wellness, lifestyle activities and healthiness, while ensuring the longevity of the Longyard Golf Course and providing a vast economic benefit to the town and region.

Longyard Golf Course will be the focal point of the resort and will support the activation of Tamworth Sports Dome and Tamworth Regional Entertainment Centre. The development aims to create a world-class, integrated over 50s lifestyle village where residents are valued, can live safely in the community, and receive a premium lifestyle and facilities at an attractive price point.

Majestic Lifestyle Resorts is excited at the possibility of aligning itself with the city of Tamworth, due to its colourful backdrop, forward thinking and Council's passion for "vibrant communities and landscapes for the future". The proposed "Majestic Lifestyle Resorts, Hillvue" luxury over-50s lifestyle community will enhance the city's status as the "Country Music Capital of Australia", a major regional centre for the New England region and will further strengthen Tamworth and surroundings' economy. Majestic Lifestyle Resorts would like to bring its luxury resorts to Longyard Golf Course in Tamworth.

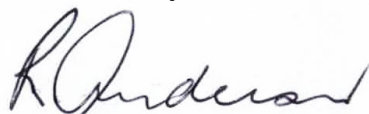

The proposal is to develop 99 homes (2 bedroom + multi-purpose room) to provide the ultimate luxury living with direct access to the Longyard Golf Course and surroundings. The resort will be created among architectural designed gardens and landscaping where residents will enjoy the luxurious resort style living while maintaining their independence among friends.

The resort will offer housing for approximately 150 persons in an over 50s community. The residents are most likely to come from a 25-kilometre catchment radius; however it can also be further afield in rural areas. Marketing campaigns will be targeted at Sydney showing the benefits of the regional resort style living to further grow the Tamworth region.

This proposal aims to address the issue of ageing population within the region. "Majestic Lifestyle Resorts, Hillvue" will incorporate all the modern luxuries of 5-star resort living, i.e. state-of-the-art community facilities, café, pool, gym, craft room, men's shed, bar, function area, cinema, bowls green, indoor golf simulator, outdoor entertaining areas and many other luxuries to make the lifestyle a holiday, every day.

This IM is issued by Longyard Capital Pty Ltd is made under a Class Order 02/0273 by Business Introduction Services Pty Ltd trading as Investire (Operator) allowing investments from both retail and wholesale Investors. The Operator will hold all Application Money in a designated bank account and these Application Monies will be transferred to the Company as required in order to loan funds to the Developer to purchase the balance lot 101 and to commence civil works, housing, the community building and towards the development of the balance of the project.

Yours Faithfully,

Bob Andersen  
Director

# 4.0 The Offer

## 4.1 Investment Structure

The structure of an investment in the Company will be from the issue of Cumulative Redeemable Preference Shares (CRPS) to Eligible Investors.

Investors will receive first ranking Redeemable Preference Shares in the Company (Longyard Capital Pty Ltd) which, in turn, will loan funds to the developer / property Owner for the purposes set out in the above table.

The Developer / Property Owner will offer a first registered mortgage over the property to the Company as security for the Loan.

## 4.2 Use of Funds from the Offer

Funds raised from the issue of Shares under this IM will be used to:

- a) contribute to the purchase price of the Property and all associated acquisition costs (e.g. stamp duty, inspection fees, bank fees, conveyancing fees);
- b) reimburse the Developer / Property Owner for monies previously expended in securing the property under contract and undertaking due diligence investigations;
- c) reimburse Council fees and other charges required to obtain approvals for the Project
- d) engage Consultants to provide advice and prosecute a Construction Certificate in relation to the Property. The property already has a Development Permit;
- e) contribute to the cost of construction of the project infrastructure;
- f) provide a cash buffer as determined to be appropriate by the Project Manager;
- g) pay holding costs associated with the Property and the Construction Loan;
- h) pay administration costs associated with the Project; and
- i) meet associated costs that the Project Manager determines are appropriate and in the Company's best interest.

By holding Shares, you will share in the income generated from the loan between the Company and Developer / Property Owner.

Distributions are not guaranteed, and neither are any capital returns.

You should refer to Section 10 for more information about the risks associated with this investment.

## 4.0 The Offer

---

### 4.3 Loan Repayment During Development of the Project

Debt is retired during the development of the project from project cashflow as follows:

1. Repayment of the Loan in full including unpaid dividends;
2. Payment of any other secured creditors for the Project;
3. Any outstanding taxation obligations will be paid;
4. Payment of distributions to Investors as set out in this IM;
5. Full or partial redemption of Preference Shares at face value.

The Company may deduct from distributions amounts of tax payable by the Company for the Investor, including interest withholding tax for investors who are not residents of Australia, or any other amount required by law.

An investment in the Company should be considered medium-term with no redemption rights.

### 4.4 Preference Shares

First ranking Preference Shares issued by the Company to Investors rank:

- Equally among themselves;
- Ahead of ordinary shares (and any existing investors) in the Company with respect to the payment of dividends; and
- Ahead of ordinary shares (and any existing investors) in the Company upon a return of capital upon winding up of the Company.

Because of these rights, Preference shareholders have restricted voting rights in the Company which is controlled in its day to day operations by its directors. The shares will be redeemed at face value by the Company at or prior to the Redemption Date, which is generally twenty-four (24) months after the date of issue of the Preference Shares by the Company or upon sale of the Property, whichever occurs earlier.

### 4.5 Amount Being Raised from the Offer

The Company is seeking to raise the Maximum Subscription Amount of \$4,000,000 under this replacement IM. Over subscriptions will not be accepted. The Minimum Subscription Amount under the previous IM has already been achieved

### 4.6 The Closing Date of the Offer

The Closing Date of the Offer is ninety (90) days from the date of this replacement IM. Any applications received on or before the Closing Date that have been accompanied by Application Money will be granted an allocation of Preference Shares in the Company. The Company reserves the right to close the Offer earlier than the Closing Date or extend the Offer after the Closing Date at its discretion and without notice.

### 4.7 Application Price and Minimum Subscription Amount

Preference shares in the Company will be issued at \$1.00 each.

The minimum amount you must invest is \$100,000. The Company reserves the right to accept applications for lower amounts, at its discretion.

## 4.0 The Offer

### 4.8 Issue of Shares

If your Application is accepted by the Company, then the Company expects to issue Shares to you on or before the Closing Date. There is no cooling off period under this IM, meaning you cannot withdraw your Application once it has been accepted by the Company.

### 4.9 Expected Term of the Offer

Shares in the Company will be issued with an investment term of twenty-four (24) months, commencing on the date Shares are issued to Investors. However, the Company has the right to reduce the Term to completion and sale of the Development, whichever occurs earlier. The investment may be extended by the Company for a further term of six (6) months at its sole discretion and without notice.

### 4.10 Illiquid investment

You will not have any right to withdraw your money from the Company. Investment in the Company is illiquid, and the Company is not obligated to meet any redemption requests before the Project is completed and sold.

Therefore, once your Application Form has been accepted, you should expect that your investment will remain in the Company until the end of the expected investment term or any extension to the term.

There will not be any established secondary market for the sale of Shares. If you want to sell Shares then under the law there are certain restrictions placed on the Company in relation to the level of assistance the Company can provide. Subject to those restrictions, the Company will endeavour to assist you should you wish to sell your Shares.

Under the Constitution, the Company has discretion to refuse to register any transfer of Shares.

### 4.11 How you can invest

Applications to invest must be made by completing the Application Form available from the link in Section 14 of this IM. Only Eligible Investors can invest in the Company and participate in the Offer. Investors may also be required to provide to the Fundraiser a declaration that they qualify as a Wholesale or Sophisticated Investor which will be provided to them on or before the IM is distributed for investment. The Application Form should be completed in accordance with the instructions in Section 14 of this IM.

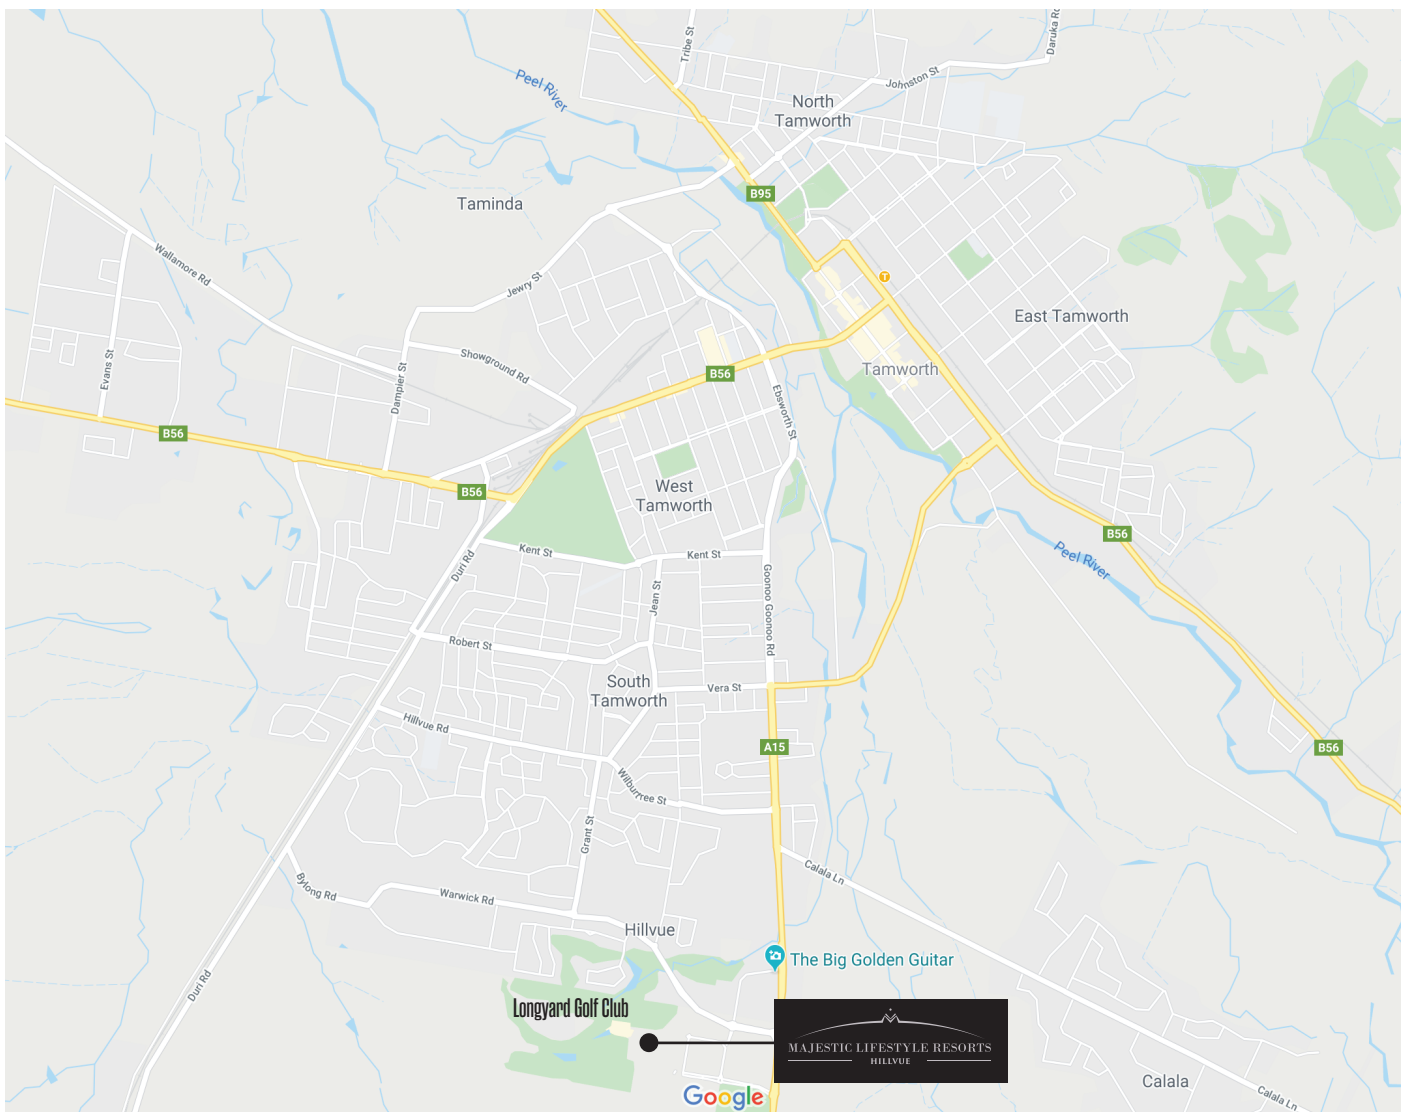

# 5.0 The Property

## 5.1 Location

The proposed site adjoins the Greg Norman designed 18 hole championship Longyard golf course in Tamworth NSW and the final occupants of the developed townhouses will be able to take advantage of the many facilities offered by the golf club and its current amenities.

Tamworth is a city and the major regional centre in the New England region of northern New South Wales. Situated on the Peel River within the local government area of Tamworth Regional Council, approximately 318 kilometres from the Queensland border, it is located almost midway between Brisbane and Sydney. According to the 2016 Census, the city had a population of approximately 60,000.

The city is known as the “First town of Lights”, being the first place in Australia to use electric street lights in 1888. Tamworth is also famous as the “Country Music Capital of Australia”, annually hosting the Tamworth Country Music Festival in late January; the second biggest country music festival in the world. The city is recognised as the “National Equine Capital of Australia” because of the high number of equine events held in the city and the construction of the world class Australian Equine and Livestock Events Centre, the biggest of its kind in the Southern Hemisphere.

# 6.0 Proposed Development

## 6.1 Details of the Project

The developers are proposing a luxury over 50's resort on the renowned Greg Norman designed Longyard Golf Course in Tamworth. The luxury resort will bring together an integrated community to accommodate Tamworth's ageing population.

The proposal is to develop 99 homes, 2 bedroom + entertaining room (3 bedroom) and community facility to provide the ultimate luxury living with direct access to the Longyard Golf Course and surroundings. The resort would be created among architectural designed gardens and landscaping where residents will enjoy the luxurious resort style living while maintaining their independence amongst friends.

The resort will offer housing for approximately 150 persons in the 50+ community in purpose-built age-in-place accommodation. The residents are most likely to come from a 25km catchment radius; however, it can also be further afield in rural areas.

The site, which currently forms part of the Longyard Golf Course, is to be acquired in two parcels. Namely Lot 100 being 2.93 hectares and Lot 101 being 3.42 hectares. Lot 100 is to be acquired three months after obtaining development approval and a registered separate title for \$1,820,000 net of GST and Lot 101 within eighteen months of settling on Lot 100 for \$1,770,000 net of GST.

The Project was recently granted a Development Approval (DA) from the Tamworth Regional Council and once the Construction Certificate (CC) is obtained construction will commence on Stage 1 consisting of the first 19 lots. The Developer will engage a suitably qualified civil contractor to undertake the civil construction of the Project on a fixed price contract and a suitably qualified builder to undertake the house and community centre construction.

Both contractors will need to be licenced with the NSW Fair Trading, have the appropriate insurances in place and meet the developer's competency requirements. Other property professionals will also be engaged by the Company based on previous relationships.

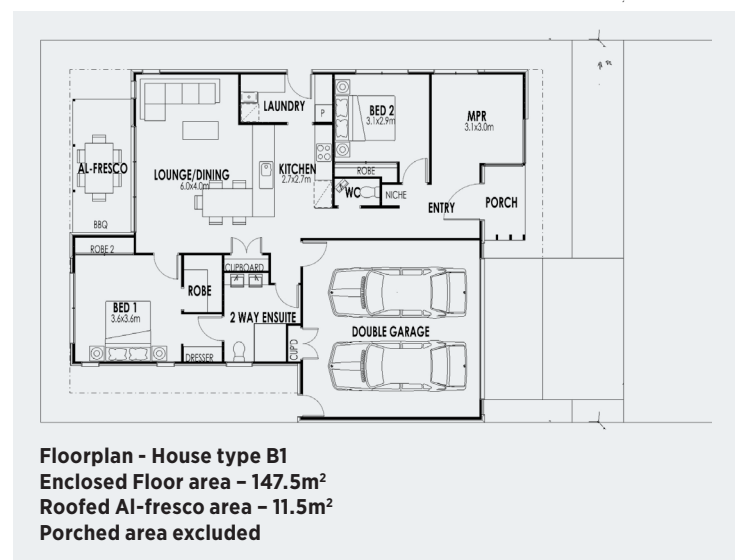

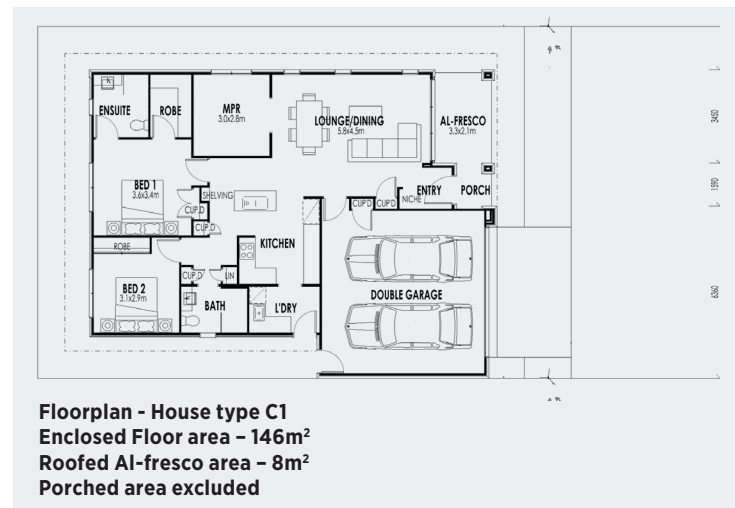

The Developer will require all loan drawdowns for the Project to be certified by their appointed Quantity Surveyor or other suitable professional on a cost expended and a cost to complete basis. A final building price can only be obtained once the developer has obtained the Construction Certificate from the local council.

## Design and Floorplans

### Floor Plans – Houses

Zoran Architecture, which has been involved in the design of over thirty retirement villages, has been engaged to develop the masterplan, individual house designs and design the community facility.

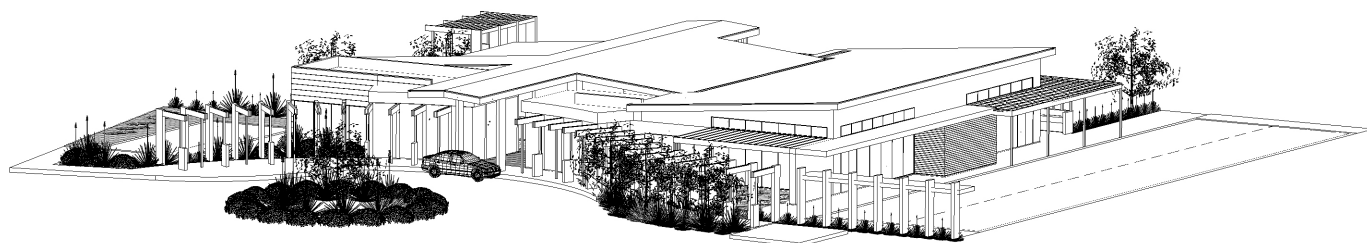

The houses are approximately 150m<sup>2</sup> in size and consist of two bedrooms plus entertaining room, making them potentially three bedrooms. Each home has two bathrooms and double car accommodation.

## 6.0 Proposed Development

### Plans Clubhouse

The community facility (clubhouse) is situated overlooking the lake and consists of a pool, spa, sauna, lawn bowls, gym, golf simulator, billiards, BBQ, café & sports bar, kitchen, office, library, cinema and rooms for hair & beauty, massage, arts & crafts and visiting doctor.

## 6.0 Proposed Development

### 6.2 Project Feasibility

<b>Total Sales Revenue</b>	<b>27,825,395</b>	
<b>Less Costs</b>

1. Based on quotes received to date by the Company and estimates of costs of similar projects undertaken by the Directors of the Company. A Quantity Surveyor or Engineer has confirmed construction costs and fees in a format to be approved by the Company.
2. Project Management fees, referral fees to introducers and Authorised Intermediary fees are included as Project costs in the Professional Fees quoted above.
3. Interest rates and fees shown above are based on current market interest rates for private first mortgage lending.
4. Project Revenue is based on profit per house as purchasers finance construction via progress payments.

### 6.3 Estimated Project Timeline

Note: This timetable is indicative only. The Company reserves the right to vary the times and dates of the Offer including closing the offer early or accepting late Applications, without notifying any recipient of this Information Memorandum or Applicant for Shares.

The Company has already conducted due diligence on the Project.

# 7.0 Investment Strategy

---

## 7.1 Exit Strategy

The preferred exit strategy is to pay out investors from project cashflow prior to project completion. This is possible because the project is developed over five stages and the developers are to retain and manage the project on completion.

The Developer and Project Manager will pursue the preferred exit strategy unless circumstances change, and it becomes necessary or desirable to adopt an alternative strategy. In determining whether to adopt an alternative exit strategy, the Developer and Project Manager will take into account prevailing real estate market conditions, progress of the Project and the best risk/return outcome for Investors.

## 7.2 Anticipated Returns to Investors

The Fundraiser will hold a registered first mortgage from the Developer over the Property charging an interest rate higher than 9.00% per annum. Subject to satisfactory receipt of interest payments from the Borrower, the Fundraiser will pay dividends equivalent to 9% per annum payable quarterly in arrears on the face value of the Preference Shares held by each Investor.

A thorough assessment of the potential costs associated with the Project has been undertaken. An extract of the preliminary feasibility for the Project is contained in section 6.3 of this IM.

Neither the Developer, Project Manager nor the Company guarantees the performance of the Project. The anticipated returns and assessments provided in this IM are targets only, and neither the Project Manager, the Operator nor the Company or any of its associates accept any responsibility for failure to achieve the anticipated outcome.

Returns to investors are independent to the performance of the project. The developer currently has invested over \$1,100,000 into the project and intends to hold and manage the project on completion so their interests are aligned with the interests of investors and will work hard to achieve the anticipated return.

## 7.3 Anticipated Time Frames

As outlined above in section 6.4 of this IM, the Developer and Project Manager anticipate that the total Project will be completed within approximately forty-eight (48) months from the date the Property is acquired. Investors in the Company will be paid out earlier from project cash flows. The Project may be completed in a shorter period of time but could take longer to complete due to unforeseen circumstances.

The Project Manager has identified the following items as the key variables that may affect the length of the Project:

- time taken to construct the new houses; and
- time taken to sell the dwellings.

Eligible Investors should note that all timeframes included in this Information Memorandum represent the Project Manager's best estimates at the time of preparation and are indicative only.

## 7.0 Investment Strategy

### 7.4 Project Delivery Team

The following table sets out the consultancy firms that are part of the project's delivery team. The project team has been carefully selected, using a team of locally based consultants with a track record of delivery of similar project types in the past.

# 7.0 Investment Strategy

## 7.5 Developer / Project Manager Details

Bob Andersen is the major shareholder and driving force behind the development. Bob has over 40 years of experience in the development, investment, finance and marketing

sectors of the property industry. He is the founder and managing director of Positive Property Strategies Pty Ltd, a company at the cutting edge of property development. See [www.propertystrategies.net](http://www.propertystrategies.net)

As well as operating his own development companies Bob has held both state and national management positions with some of Australia's major development companies. Bob has developed high rise commercial buildings, shopping centres, retirement complexes, student accommodation, subdivisions, townhouses and units.

Bob also operates a parallel business known as Property Mastermind Pty Ltd which educates and mentors property investors to make the transition to becoming property developers. See [www.propertymastermind.com.au](http://www.propertymastermind.com.au). He is well known in property circles nationally and has appeared in magazines such as Money, Australian Property Investor, Your Investment Property, and Success as well as books The New Way To Make Money In Property and Secrets Of Property Millionaires Exposed and property shows on Foxtel and Sky News Business. Recently Bob was interviewed ABC Radio and Channel 7 regarding the development of the Project.

Bob has been a keynote speaker in delivering a number of papers to property industry bodies and financiers on the development and management of a variety of retirement products. Bob delivered a number of lectures with Professor Helen Bartlett, former head of Australasian Centre on Ageing University of Queensland, to members of the Planning Institute of Australia in regard to retirement products, legal structures and planning issues in developing retirement villages.

Bob has held a personal and corporate Real Estate Agents Licence, is a Commissioner of Declarations and holds a representative's Australian Financial Services Licence to deal with retail and wholesale clients regarding managed investment schemes.

Bob is a major shareholder in the Development and Project Management companies for this project.

## 8.0 Role of the Operator

---

### Role of Investire as the Operator

Investire has been appointed by the Company to provide a Business introduction Service as the Operator under a Class Order 02/0273 and ASIC Corporations (Repeal and Transitional) Instrument 2017/186. The Operator controls the fund raising exercise including holding of Investor funds in a designated bank account and releasing funds to the Company subject to the terms and conditions outlined in this IM.

The Operator is not the issuer of and has not prepared this IM. The Operator makes no representation in, and to the maximum extent permitted by law takes no responsibility for, the accuracy or truth of any statement or omission from any part of this IM.

The Operator is responsible for accrediting potential investors under the Class Order and providing them with the IM as follows:

- distributing to persons or entities in Australia that qualify as Investors copies of the Information Memorandums by the Fundraiser or any appointed representatives of the Fundraiser;
- receiving the Application Forms from Investors;
- banking the Application Money into a designated bank account controlled by the Operator;
- providing to the Company a list of Investors and the number of Shares applied for;
- notifying the Company once the Minimum Subscription Amount has been achieved;
- arranging for the Company to issue the Preference Shares to relevant Investors and to lodge the appropriate forms with ASIC;
- upon notification by the Company that all contracts and other documents are in order as set out in the Information Memorandum, transferring the Application Amount to the Company;
- close the bank account and finalise any outstanding matters with the Company.

The Company and the Operator are parties to an agreement. Under that agreement:

- the Company has appointed the Operator to provide business introduction services to the Fundraiser to make offers to Investors and to arrange for the issue of the Shares by the Company; and
- the Company will issue those Shares in accordance with such offers if the offers are accepted.

The Operator is entitled to a fee based on the face value of Shares issued by the Company for its services. This fee is payable once Shares are issued by the Company.

# 9.0 Risks

---

As with any investment, there are risks associated with investing in the Company. Many risks are outside the control of the Company and the Project Manager. If these risks eventuate, returns to investors may not be as expected and dividends may be reduced or suspended, and the capital value of the Company may be reduced. Distributions are not guaranteed, and neither is the return of your capital.

The risks discussed below are not an exhaustive list. At the date of this IM, the director of the Company considers the following are key risks of an investment in the Company:

## 9.1 Real estate specific risks

An investment in the Company comes with risks associated with investing in residential property.

The following Property specific risks may cause the projections and assumptions in this IM to be negatively impacted:

### a) Gross Realisation “on completion”

The ongoing value of the Project is influenced by changes in property market conditions including supply, demand and availability of capital. There is no guarantee that the Project will achieve a profit on completion nor is there a guarantee the Property will not fall in value as a result of assumptions upon which the relevant valuation is based proving to be incorrect.

### b) Construction and development risk

- construction or development costs can exceed budgeted costs and the Fundraiser may be unable to complete the project unless the Developer of the Project can obtain further funds;
- funds kept in reserve by the Fundraiser for the Project to complete the Project being insufficient to meet the cost of completion;
- a change in market conditions could result in the value of the Project on completion being worth less than anticipated, or in lower sale rates and prices than expected; and
- Market risk / Settlement risk where pre-sales or pre-commitments are not honoured by the purchaser or tenant which may delay the repayment of the investors capital and its return on investment.

### c) Builder risk

The Builder appointed by the Developer may not be able to complete the Project within time or budget, may incur cost overruns or delays or be unable to complete the Project. Appointment of a new builder will substantially incur more costs and delays to completion of the Project which may impact on the Fundraisers ability to meet projected dividends or redeem shares within the projected time frame.

### d) Development Approval

There is a risk the property may not receive the necessary approvals or may not receive necessary approvals in a timely manner, which will prohibit the progression of the development of the Project and impact on returns to investors.

### e) Uncontrolled events

There is a risk uncontrolled events, such as natural phenomena and terrorist attacks, may affect the Property and/or the Project for which insurance is not available or for which the Company does not have insurance cover. Should such an event occur, a loss will result which will have negative impact on the income and capital value of the Company.

### f) Property settlement risk

The risk the vendor of the Property may not settle on the date settlement is expected to occur on, if at all.

### g) Project Manager risk

The Project Manager is responsible for providing project management services to the Company and for managing the development of the Property on a day to day basis. If the Project Manager fails to do so effectively, then this could negatively affect the Company's performance.

In particular, there is a risk that the Project Manager may fail to manage the development risks appropriately or fail to properly execute the Company's development strategy. These factors could have an adverse impact on the financial position and performance of the Company.

The Project Manager's key personnel have extensive experience in transacting property, operating residential developments, financing, structuring, and funds management.

# 9.0 Risks

## 9.2 General risk factors

### a) New fund risk

The Company is a newly established unregistered managed investment scheme and has no track record or past performance. However, the Company and the Project Manager's management team possesses extensive property asset and finance experience.

### b) Liquidity

There is no established external secondary market for the sale of Shares in the Company. Investors may arrange for their own private sale and the Company, without obligation, will assist in that process. There is no right for Investors to require their Shares to be purchased by the Company or by any other person, or to have their Shares redeemed. The Company will not be listed on the ASX or any other exchange.

In addition, real estate assets are, by their nature, illiquid assets. It may be difficult for the Company to dispose of the Project at the end of the Term in a timely manner at its optimal sale price.

### c) Insurance risks

Various factors might influence the cost of maintaining insurance over the Project and/or the Property, or the extent of cover available. Increased insurance costs, or limits on cover, can have a negative impact on the performance of the Company. There are also some potential losses that cannot be insured including force majeure events.

### d) Related party risks

The Company has appointed the Project Manager, a related body corporate of the Company, to provide project management services in relation to the Property. The engagement of the Project Manager constitutes a related party transaction. The risk with related party transactions is that the transaction may not have occurred on the same terms as the transaction may have occurred on had the transaction been with an unrelated, third party.

This risk is mitigated by the Company complying with its internal policies and procedures. The Company is satisfied the terms of the Project Manager's appointment are on no more favourable terms than if an unrelated party had been appointed as Project Manager.

### e) Tax and stamp duty risk

Changes to tax law and policy (including any changes in relation to how income of the Company is taxed or to the deductibility of expenses or stamp duty law) might

adversely impact the Company and Investors' returns. You should obtain independent tax advice in respect of an investment in the Company.

### f) Investment term

There is no guarantee Investors' capital will remain invested for the expected term of twenty-four (24) months from the date Shares are issued. There are circumstances which may result in the Term of the Investment being shorter. For example, while it is not the current intention to dispose of the Property prior to the project completion, if the Company, on advice from the Project Manager, considers it appropriate to take advantage of a selling opportunity, then it may sell the Property prior to the proposed termination date if it believes that an early disposal of the Property is in the best interest of Investors.

The Company also has the right to extend the Term at its discretion.

### g) Investment return

Neither the performance of this investment nor the repayment of Investor capital is guaranteed.

### h) Property due diligence and use of experts

In acquiring the Company's interest in the Property, the Company will engage experts to prepare reports as part of its due diligence enquiries. These reports will be relied on by the Company in assessing the risks associated with ownership of the Property. Whilst the Company has no reason to believe those enquiries will not be appropriate and complete, it cannot guarantee all risks and potential problems associated with this investment will be identified and will be properly addressed.

### i) Concentration risk

Generally, the more diversified a portfolio, the lower the impact that an adverse event affecting one investment will have on the income or capital value of the portfolio. The Company will own a single property and is not diversified by asset class, geographic location of properties or exposure to different property sectors.

### j) Forward looking statements

There can be no guarantee that the assumptions and contingencies on which the forward looking statements, opinions and estimates are based will ultimately prove to be valid or accurate. The forward looking statements, opinions and estimates depend on various factors, many of which are outside the control of the Developer and the Project Manager.

## 9.0 Risks

---

In addition to the specific risks identified above, there are also other more general risks that can affect the value of an investment in the Company. These include the following:

- a) The state of the Australian and world economies.
- b) Movements in the inflation rate.
- c) Negative investor and/or consumer sentiment which may keep the value of assets depressed.
- d) The illiquidity and cost of capital markets.
- e) Changes in taxation legislation
- f) Geopolitical circumstances and events

The Company, The Project Manager, the Operator and their associates, employees, advisors and representatives do not guarantee an investment in the Company. Property development investment, by its nature, carries a level of risk and no guarantee is or can be given that an investment in the Company will not decrease in value and that investors will not suffer losses.

Please read both parts of this IM in full and consider your attitude towards risk before deciding to invest in the Company. You should also assess, in consultation with your professional advisers, how an investment in the Company fits into your overall investment portfolio.

# 10.0 Taxation Information

Neither the Company, the Operator nor the Project Manager provides tax advice, nor have they obtained taxation advice specific to the Offer.

## Taxation of the Company

### 10.1 Taxation of Share Holders

Investors will be required to include any dividends paid by the Company in their assessable income in the financial year to which the dividends are made. As a result, Investors are likely to be subject to income tax or capital gains tax on dividends received. The Company will determine the distribution policy and provide investors with taxation statements advising them of the classification and treatment of dividends paid by the Company.

### 10.2 Capital Gains Tax

The proposed redemption of Shares will not be treated as income to the Share Holders. Any funds treated as a return of capital will reduce the cost base of the Shares for Capital Gains Tax (CGT) purposes. Investors will be advised and provided with a taxation statement advising

of the treatment of any distributions made.

### 10.3 GST

Goods and Services Tax (GST) is not directly applicable to your Investment as a Share Holder in the Company or in the redemption of your Shares. Additionally there should be no GST implications on the payment of any distributions or payments to Share Holders. Each intending investor should seek their own taxation advice in regard to any taxation implications that may apply to their own individual circumstances as a result of an investment in the Company.

### 10.4 Accounting Policy

Under generally accepted accounting standards, the Preference Shares are to be treated as equity in the books of the Company.

# 11.0 Additional Information

## 11.1 Important Agreements

### Constitution

The Company is governed by its Constitution which governs Investors' rights as an investor in the Company.

Potential Investors should consider whether it is necessary for them to obtain independent legal advice on the Constitution of the Company and this IM which sets out the rights and obligations of the Company and the Preference Shareholders.

The Constitution of the Company is the primary document governing the relationship between its shareholders and the Company and has been lodged with ASIC. It contains extensive provisions about the legal obligations of the parties and the rights and powers of each.

A copy of the Constitution is available free of charge by emailing [bob.andersen@propertystrategies.net](mailto:bob.andersen@propertystrategies.net)

Potential investors are advised to obtain a copy of the Constitution to obtain a better understanding of the rights and powers of directors. If in doubt please obtain independent legal advice.

### Rights attaching to the Preference Shares

In addition to the applicable provisions of the Constitution summarised above, the Preference Shares have the following rights which are specified in the Constitution:

<b>Class and issue prices of Shares to be offered</b>	Fully paid, Preference Shares issued at \$1.00 per Share - redeemable at the election of the Company on or before the redemption date.
<b>Number of Shares to be offered</b>	Up to 9,425,000 Preference Shares in the Company. Subject to the Corporations Act and the terms of issue of the Shares, the Company reserves the right to accept in excess of its target issue size and, in future, to issue different classes of shares.
<b>Issue dates</b>	Each Share is, subject to receipt of valid subscriptions, to be issued on a date to be determined by the director.
<b>Variation of rights</b>	The rights attached to Shares may be varied or cancelled subject to the Corporations Act.
<b>Voting rights</b>	The Preference Shares do not carry voting rights other than to matters that affect their shareholding or share rights.
<b>Dividend rights</b>	<p>(a) The Company may declare and pay a dividend on one class of shares to the exclusion of another class.</p> <p>(b) Each share of a Class on which the Board resolves to pay a dividend carries the right to participate in the dividend.</p> <p>Unless the Directors determine otherwise, payments of dividends will be made within 14 days after the relevant Dividend Date.</p>
<b>Meetings</b>	Each holder of a Share is entitled to receive notices of and attend at general meetings of the Company.
<b>Winding up</b>	On winding up, the surplus assets of the Company remaining in preference of its debts are divisible among all the holders of the Preference Shares in proportion to the number of Preference Shares held by them. For the avoidance of doubt, this means all the Preference Shares issued pursuant to this Offer are entitled to preference in return of capital ahead of ordinary shareholders on winding up of the Company.

# 11.0 Additional Information

---

## 11.2 Responsibility for Costs

The Developer, Project Manager, the Company or the Operator are not liable to reimburse or compensate any party or any of their representatives for any costs or expenses incurred by any party or its representatives in conducting their review and evaluation of this IM, undertaking due diligence or otherwise in connection with the Project.

## 11.3 Provision of Information

Requests for further information must be directed in writing to the Company. The provision of additional information is at the discretion of the Company and subject to availability of the requested information. Any additional information requested by and provided to one prospective investor may also be made available to other prospective investors at their request and at the discretion of the Company.

## 11.4 Independent Advice

Eligible Investors should read this Information Memorandum in its entirety prior to completing the Share Application Form as it contains important information about this investment opportunity. Eligible Investors should also consider seeking independent financial and legal advice prior to investing in the Company.

## 11.5 Confidential Information

This Information Memorandum is the confidential information of the Company and is strictly intended for the recipient and must not be disclosed to any other party without the prior written consent of the Company.

## 11.6 Copyright

This Information Memorandum is copyright material owned by the Company. Permission to use any part of this Information Memorandum must have the express written permission of the Company.

## 11.7 Changing Details

All requests for changes in details must be made in writing and signed by the Investor. If Shares are held jointly, then both parties must sign.

## 11.8 Privacy

In applying to invest, you are providing the Company and the Operator with certain personal details (such as your name and address). The Company may use this information to establish and manage that investment for you.

Under the Privacy Act 1988 (Cth), you can access personal information about you held by us, except in limited circumstances. Please let us know if you think the information is inaccurate, incomplete or out of date. You can also tell us at any time not to pass on your personal information by advising us in writing.

If you do not provide us with your contact details and other information, then we may not be able to process your application to invest. Under various laws and regulatory requirements, we may have to pass-on certain information to other organizations, such as the Australian Tax Office or the Australian Transactions Reports and Analysis Centre (AUSTRAC).

By Applying to invest, you give us permission to pass information we hold about you to other companies which are involved in helping us administer the Company, or where they require it for the process of compliance with AML/CTF law or in connection with the holding of Application Money.

## 11.9 Anti-money laundering law

The Anti-Money Laundering and Counter-Terrorism Financing Act 2006 and associated rules and regulations require the Company to verify your identity prior to accepting your investment. You will be required to provide the identification information set out in the Application Form. We will not issue you with Shares unless satisfactory identification documents are provided.

## 11.10 Statement by director of the Company

With respect to any statements made in the IM other than by the Director, the Director has made reasonable inquiries and on that basis have reasonable grounds to believe that persons making those statements were competent to make such statements, those persons have given their consent to the statements being included in this IM in the form and context in which they are included and have not withdrawn their consent before issue of this IM.

To the best of the knowledge and belief of the current director of the Company (who have taken all reasonable care to ensure that such is the case), the information contained in this IM is in accordance with the facts and does not omit anything likely to affect the accuracy of such information.

This replacement IM is dated 30 September 2022 and has been signed by Bob Andersen pursuant to Section 351 of the Act.
